### Ornaments

Late 18th Century German settlers in Pennsylvania handmade paper and edible christmas tree ornaments: cookies, bright cornucopias filled with candy and nuts, and strings of popcorn and cranberries.

## Preserving Christmas Greenery

Following a few simple rules will help preserve the freshness and natural beauty of your Christmas tree, greens and holiday plants, suggests the Massachusetts Department of Food and Agriculture.

Until you are ready to decorate the tree, it should be kept in a bucket of water outdoors or in a cool place, such as a garage, breezeway or porch.

When it's time to trim the tree, make a fresh cut across the trunk so the tree will absorb more water and set the tree up in a container or holder filled with water. Check the tree daily as some trees need as much as a pint of water per day, especially in a warm room.

To avoid any fire hazard, never place a tree near a source of heat-radiators, fireplace or heater. Trees kept in a cool, humid area will also last longer.

Some tree species such as the pines and firs normally retain their needles longer than spruce, but all will last well if treated properly.

J. Maynard Austin  
(Franklin Manager)

## Named Franklin Manager

J. Maynard Austin has been appointed town manager in Franklin, Mass.

Austin, who resigned his position as manager in Andover in October, 1977, will be the first manager for the Norfolk community of 20,000.

He will begin his new duties on Jan. 2.

The manager charter in Franklin provides for the manager to be responsible to a 15-member town council. There is no town meeting.

Austin, who maintained residence here since his resignation over a year ago, served as Andover manager for eight years. In 1977, the administrator had difficulty when his three-year reappointment was nearing expiration. Selectmen in January of that year announced he would not be reappointed, when the term expired in September. But a change in the membership of the board in the March election resulted in an April announcement that he would be retained.

In August, as the reappointment date approached, selectmen found "legal problems," barring a two-year contract. In October, Austin submitted his resignation informing the board that such action was in the best interests of the town, since it could not function properly with the manager's status in doubt.

Andover's third town manager, Austin began his Andover duties in September of 1969, coming here from Sharon. He had served in manager posts in Williamstown, Mass. and Maine communities prior to that.

During his tenure here he was honored by the International City Manager's Association for 25 years of municipal administrative service.

## Popular Man About Town

Santa Claus put in a busy week in downtown Andover, strolling Main street, courtesy of the Andover Chamber of Commerce, receiving requests and distributing candy canes to the youngsters. Amy Cunningham, six and Taylor Simpson, five, were able to get in a last minute check on their list.

James F. Johnson  
(Police Administrator)

## Attains Police Post

Police Sgt. James F. Johnson has been named administrative assistant in the Andover police department. The position is to provide for a smooth transition of a new administrator, upon retirement of Chief David L. Nicoll next year.

Johnson was recommended to Town Manager Jared S.A. Clark by a panel which interviewed the three candidates for the post created with the approval of the October town meeting.

The administrative assistant position becomes effective next Tuesday, and will have an annual salary grade of \$26,000.

Town Manager Clark said that Johnson was the unanimous selection of the three member panel which included Danvers Town Manager Robert Curtis, Westford Police Chief Joseph Connell and Andover Fire Chief William T. Downs.

While the intent of the new position is to have the new appointee move into the chief's position upon Nicoll's retirement, Johnson must still take the civil service examination in February in order to qualify for the top spot on a permanent basis. Clark said he felt that the examination process will probably confirm the findings of the interview panel which made its recommendation on Tuesday.

Johnson's duties will be to develop a record keeping system, in an effort to analyze problems and crime areas, and develop strategy to meet them.

Johnson has already been working in this area, developing a record keeping system developed by the Massachusetts Police Institute.

Clark said that Chief Nicoll was satisfied with the selection of Johnson,

# Town House Topics

## Assistant Registrars Begin Work

The assistant registrars of voters have begun their annual visits to Andover homes compiling the annual street listing. The information gathered by the registrars is used not only in the official street listing, done by statute from year to year, but the statistics are used by the town in seeking state and federal funds for projects.

The data also assists the school department in making enrollment projections.

Town Clerk Elden R. Salter, under whose direction the registrars work, reports that all will have official identification cards with

them. The registrars will be working beginning today and continuing through weekends until the job is completed.

Those appointed this year include: Precinct one, Barbara Itz; Precinct two, Patricia Newcomb, Paul Donovan; Precinct three, Barbara Perry, Nancy Salter; Precinct four, Laurence Hannon, Sandy Ober; Precinct five, Irene Need, Tom Follinsbee; Precinct six, Hannah Darling, William Karstens; Precinct seven, Joseph Wojtkun, Mary Beth Wojtkun; Precinct eight, Kenneth Hilton.

## Rail Study Committee Appointed

The appointments of five Andover men to the Commuter Rail Study Committee were approved by selectmen Monday night.

Those appointed were Dr. Randolph W. Lehman-Becker of 49 Elm St., Dr. George Kachen, Jason S. Cohen of 3 Ivy Lane, Thayer S. Warshaw of 45 Clark Road, and

Robert Zollner of 249 Highland Road.

The committee will explore the advisability of Andover's joining the Merrimack Valley Transit Authority, and getting commuter rail service to Andover, via the MBTA.

## Warrant Dates Set

The warrant for the 1979 spring town meeting opened Dec. 19 and will remain open for the submis-

sion of articles until Jan. 26, 1979 at 4 p.m.

## Taxi License Fee Raised

The fee for obtaining a taxi license from the town of Andover was raised from \$5 to \$25, effective immediately. Town Manager

Clarke suggested that the finance committee confer with the board of selectmen about reviewing the fees for all licenses issued by the town.

## Levinson Appointed To Zoning Board

Robert Levinson of 26 Birch Road was appointed an associate member of the zoning board of appeals Monday night. Levinson will serve for a term starting im-

mediately and running to June 30, 1980. He has lived in Andover for 14 years and owns Town Toggery in Lawrence.

## Jury Selection Made

Selection of 15 jurors was made by selectmen Monday night.

Those drawn were: Robin J. Otto, 23 Vine St.; Elizabeth A. Webb, 19 Smithshire Est.; Dorothy Ciocca, 4 Olde Berry Rd.; Thomas G. Aylward, 104 Ballardvale Rd.; Frederick L. Martin, Jr., 71

Greenwood Rd.; Francis X. Walsh, 12 Kathleen Dr.; Philip W. Hughes, 19A River St.; Robert P. Sedgwick, 135 Main St.; Kenneth A. Demers, 18 Breechin Terrace; Thomas M. Flaherty, 170 Cardigan Rd.,

## Courses Offered At Sanctuary

Massachusetts Audubon's Ipswich River Wildlife Sanctuary invites you to explore winter! A number of activities are being offered for children and adults.

"Nature in Winter" is a four session course on exploring tracks, winter weeds, birds and learning to recognize trees by their winter characteristics. This begins Wednesday, Jan. 17 from 10 - 12 noon. For those who are unable to make morning classes, there will be a one-day workshop covering the same topics on Saturday, February 3, 9-12 noon.

Interested in making full use of your fireplace? The Sanctuary offers a three-session "Fireplace Cookery" course beginning Jan. 17, 9-12 noon for three weeks.

"Mapping Nature" is designed to teach the amateur naturalist how to effectively make maps for locating trees, bird nests,

etc. This course begins Jan. 18, 7:30-9 p.m.

"The Cross Country Skier and Nature in Winter" combines the best of both worlds by exploring the winter world of the Sanctuary on skis. There are two classes; one for beginners and one for more advanced. Begins Jan. 24, 10-12 noon.

For children the Sanctuary is offering Fours & Fives in Winter, and a Winter Exploration for 8-11 year olds.

For a winter program and more information call or write the Sanctuary office.

One day solar power may be obtained by means of satellites orbiting the earth at a distance of 35,200 kilometers, where the sun shines almost constantly. In its new Energy exhibit, Boston's Museum of Science says designers believe one such satellite could produce as much as 5000 megawatts of power. (An average fossil-fueled power plant produces 1000 megawatts.)

One way to produce electrical power that is now under consideration is Ocean Thermal Energy Conversion, using solar energy stored in the earth's rivers and oceans. An OTEC generator would use the 22 degrees Celsius temperature differences between upper and lower ocean depths to produce electricity, according to the new Energy exhibit at Boston's Museum of Science.

Sarah B. Bullard

## June Wedding Is Planned

Mr. and Mrs. Lyman G. Bullard of Andover have announced the engagement of their daughter, Sarah Bell, to Robert N. Steck, son of Mrs. Oscar F. Steck of San Antonio, Texas.

Miss Bullard was graduated from the Dana Hall School, Trinity College, and Boston University School of Social Work. She is Senior Social Worker with the Inpatient Psychiatric Unit at the Newton-Wellesley Hospital.

Mr. Steck is a graduate of the University of Texas, has his M.A. in Philosophy from Yale University, and did graduate work on Fellowships at Yale and at Harvard. He is an Account Executive with Newsome & Company, a Boston public relations-public affairs consulting firm.

A June wedding is planned.

## Christmas At Museum

Movies, tours and games are all part of vacation week plans for children at the Peabody Museum of Salem. Throughout the week every child is invited to join in a Museum game called 'My Peabody Log.' There will be a prize for each child who completes a "log." Films will be shown daily from Dec. 26 through Dec. 29 at 1 in the afternoon. The films are all stories of Arctic animals and people suitable to the season. At 2 p.m. on Wednesday, Dec. 27, there will be a specially guided tour to show children some of the treasures of the galleries.

The ancient Romans actually exchanged presents during their midwinter Saturnalia festival from Dec. 17 to 24 in honor of the birth of the sun.

Boston's Museum of Science announces record-breaking attendance and income gains in its recently issued 1977-78 Annual Report.

Museum Director Bradford Washburn said the Museum continued to draw more people than any local, fee-charging attraction — except the Red Sox. Last fiscal year's 976,000 visitors, up 12.3% over the previous year, brought to 13½ million the number that have come to the Museum since it opened at Science Park 27 years ago. (The 14-millionth was recorded in November of the current fiscal year.)

In commenting on income and fund-raising, President Mark C. Wheeler noted in the Report that the Trustees voted in the spring to begin construction on a Hall of Energy, with the plan of raising the necessary funds while construction is underway. A letter accompanying the Report states that \$1.5 million must be raised in the next ten months to avoid borrowing.

Wheeler said the Museum received \$2,632,000 in gifts and pledges for the 1977-78 period. The bulk of that amount went toward the goals of the 150th Anniversary Campaign, to be concluded in 1980. A major impetus was provided, he said, by the receipt of two federal challenge grants. Response to these brought in 2000 gifts, including donations from 709 new supporters. Since May, 1975 when the Campaign started, the Museum has raised more than \$7 million toward its \$10 million goal.

The Charles Hayden Planetarium also experienced record-breaking attendance, the Report said. More than 400,000 people, some 28% above the previous year, saw the programs. Another 108,159 attended the evening Laser Magic shows.

School group visits were high, with 200,654 children coming in 4044 class groups both from Massachusetts and other states.

The Education Department presented a series of special programs for Boston's McKay and Philbrick schools and bordered ongoing programs with the Roxbury and Charlestown Boys' Clubs.

Among new exhibits installed, the Annual Report called attention to the one on Vesuvius, arranged as a back-up of the exhibit on Pompeii at the Museum of Fine Arts. The cooperative effort included a reciprocal admission for the two institutions' members, the first such arrangement between art and science museums.

**CONLON** — A son, Justin Thomas, Dec. 15, at Lawrence General hospital, to Mr. and Mrs. Joseph Conlon, 16 Post Office Ave., Andover. The mother was Sally Conolly.

**BABBITT** — A son, Brian Gulezian, Dec. 9, in New Haven, Conn., to Mr. and Mrs. Theodore F. Babbitt, Jr. The mother was Donna Gulezian. Grandparents are Mr. and Mrs. Vahey S. Gulezian of Andover and Mr. and Mrs. Theodore F. Babbitt, Sr., of North Haven, Conn.

and that there would be a gradual shifting of responsibilities to the new administrator.

Clark also praised Chief Nicoll, noting that he had served the town well for the past 25 years as chief and in the years that preceded his appointment to the top post.

The manager said that he not only served well during the time he was chief, but provided valuable service in preparing for his successor. The chief has maintained educational opportunities in police science for department members.

Clark also said that he was pleased with the choice of Sgt. Johnson by the panel, having been impressed with his work in the short time he has been serving as Andover manager. He said the appointee had a thorough understanding of law enforcement issues.

The panel was also favorably impressed with the other two candidates, Lt. Lloyd Belbin and Lt. Hector Pattullo.

The manager said that this points to the fact that Andover is fortunate in having good personnel within the department, and provides for promotion from within. It also lets Andover municipal employees know they have a future here, based on their service and past performance.

Johnson, who resides at 8 Amherst Road, with his wife Kathleen and two children, Colleen, a West Junior High student and Kelly, a West elementary pupil, has been a member of the Andover department since September, 1969. He was named sergeant in 1971. He has also been serving as the town's civil defense director.

A graduate of Lawrence High school, Johnson was awarded a B.S. degree in public service from Lowell University in 1976. He currently is pursuing courses leading to a master's degree in public administration.

He has taken several courses in police science and administration and is a 1977 graduate of the Federal Bureau of Investigation National Academy.

## Pecans

Pecans (pacane was the American Indian word for all hard-to-crack nuts) were found by Hernando De Soto, 1541, in eastern Arkansas. Massachusetts Audubon notes. Thomas Jefferson called them "Illinois nuts," planted them at Monticello, and sent some to George Washington. Pecan trees planted in 1786 are the oldest trees at Mt. Vernon.

# Schwartz' Boston Debut Is Jan. 14

The Boston Debut of Joseph Schwartz, pianist, will take place at Sanders Auditorium, Cambridge, on Jan. 14, following his eighth appearance on Dec. 23 at Carnegie Recital Hall in New York City. Bus transportation from Andover to Sanders is being considered for those not wishing to drive. Purchase tickets and arrange bus transportation by contacting or writing: Mrs. Jeanne D. Porter, 3 Ivanhoe Lane, Andover. This performance is being sponsored by the Oberlin Alumni Club of Boston.

Schwartz began his studies at the age of five in New York City where he was born. He quickly exhibited all the signs of precocity and played his first recital at the

age of eight. He continued his studies in Los Angeles with Dr. Gerhard Albershiem and then back in New York at the Juilliard School of Music where he was a scholarship student of Rosina Lhevinne and Irwin Freundlich. Upon completing his studies and receiving the Bachelor and Master's degrees in piano, he gave his New York debut at Town Hall as the winner of the Waler W. Naumburg award.

Harold G. Schonberg hailed him as an extremely talented pianist able to fuse a slam-bang technique with musicianship. Since then Mr. Schwartz has played all

over the United States, Canada, South America and Europe to enthusiastic

audiences and critics. He has won: National Guild of Piano Teachers Gold Medal; Hollywood Bowl Auditions; Music Education League Concerto Competition as well as the Naumburg Award.

While carrying on a busy concert schedule, Schwartz also has a busy career as a teacher at the Oberlin Conservatory of Music where he is Professor of Pianoforte. He resides at Oberlin, Ohio with his wife, who is a singer, and three children.

Among the composers whose works Schwartz has chosen for his Sanders appearance will be Haydn, Schubert, Schumann and Liszt.

## Conservation: Problems, Solutions

An exhibit, on display in the foyer of the James Duncan Phillips Library of the Essex Institute of Salem now through March, provides rather dramatic examples of the problems of paper deterioration plus many of the solutions which the conservation field has devised. Many of the restoration techniques and tools needed are also included in the exhibit.

Due to paper's organic nature, it is constantly subject to deterioration. If improperly stored or exposed to fluctuations in atmospheric conditions, documents become the victims of numerous agents of destruction.

Paper turns yellow, brittle, limp and crumbly primarily as the result of its own chemical composition. With changes in temperature and humidity levels, acids from internally and weaken the sheet. Other deterioration agents include mold,

mildew, air pollutants, ultraviolet rays, and destruction by insects and rodents.

Many items require restoration. Among the basic techniques used in the conservation of deteriorated materials are: deacidification, surface cleaning with dry cleaning pads and erasers, mending and/or backing with Japanese tissues, and leafcasting.

**Welcome  
to our  
last fire  
sale.**

To a businessman, fire is a devastating experience. Most businesses suffering a major fire don't survive more than a year afterwards. Generally the company is paid for the fire damage, but the rebuilding or relocation expense can be fatal.

May we suggest the following: BUSINESS INTERRUPTION INSURANCE, to pay for lost income while your company rebuilds. EXTRA EXPENSE INSURANCE to pay the other heavy expenses incurred in carrying on the business.

We would welcome the opportunity to discuss your Fire Insurance coverage with you.

# St. Robert's, West Have Clean Slate

By Rick Harrison

St. Robert's B and West Parish A are the only undefeated teams after two weeks of play in the tough Intermediate Gold Division of the Andover Church Basketball League.

St. Robert's B trimmed St. Augustine A, 31-20, and West Parish A fought off St. Robert's A, 32-27, in recent action at the West Junior High gym.

In the division's third contest, St. Augustine C ripped St. Augustine B, 41-17.

## St. Robert's B, 31-20

Dean Weaver, dropping through several driving layups and scoring in every quarter of the game, poured in 19 points as

## Wall On Swim Team

Katherine Wall, daughter of Mr. and Mrs. John Wall of 356 Rea Street, North Andover, will be a member of the 1978-79 Swimming Team at Hartwick College.

"Katie", a Freshman English major at Hartwick, will compete in Butterfly and Freestyle.

The WICK swimmers are coached by George Mitchell and Judith Fredrick who are working mostly with enthusiastic Freshman and Sophomores with competition experience in High School.

Judy Fredricks will coach the Women's Team this year and plans on attending the New York State Meet to be held at Syracuse University February 22-24.

Hartwick College is a private, small, co-educational, liberal arts institution located in Oneonta, N. Y.

St. Robert's B won its second straight.

The winners were clinging to a slim 14-10 halftime advantage, but opened some daylight with a Weaver-led 9-4 burst during the third period.

Bob Rikeman chipped in 6 points, while guard Bob Dziadosz netted 4 points and played a steady floor game.

Joe Puccia flipped in a single basket while Matt Chinchillo, Joe Vecchi and Dave Duhadway also played well for St. Robert's.

Louis "Pedro" Gleason pumped through 13 points, Tom Lutz 4, John Morrow 2 and Jim Denoncourt a foul shot for St. Augustine A.

Matt Aumais also played well for St. Augustine.

## West A, 32-37

West Parish A, with a little more ex-

perience and Bill Weidman on its side, broke open a one-point contest with a 12-6 third quarter enroute to its 32-27 conquest of St. Robert's A.

Weidman was tough off the boards, and his inside shooting accounted for a game-high 15 points to spark the victors.

Chris Marcella added 7 markers, Chris Guay 4, Andy Thompson 4 and Billy Lane 2 points.

Tim Maxfield was a defensive stalwart for West, which executed its tap play for several easy (and important) baskets.

St. Robert's A forward Jim Griggs had an outstanding second quarter, tossing in all 8 of his team-high points.

Mike Melia, Todd Sleath and Danny Sheehan chipped in 4 markers each. Kevin Byrne, Bob Veilleux and Ed Melia had

single buckets. Chris Fay completed the attached with a free throw.

## St. Augustine C, 41-17

St. Augustine C stunned sister-club St. Augustine B with the wide 24-point victory margin, busting things open with a 15-2 fourth quarter eruption.

Jim Stelzner and rookie Joe Hart were the big guns for the winners, pouring through 18 and 10 points respectively.

Jim Lombardo, Rich Graham and Keith Driscoll contributed 4 points apiece, while Tom Lemieux swished a charity toss.

Dan Beckerman led the counter attack with 10 points for St. Augustine B. Tim Riley popped in 5 points and Pete Zompa canned two free throws.

Mike Powers and Kevin Rourke also played well for the B-crew.

# Professional Nursery Has Aided Over 200

The Christ Church Professional Nursery for the Handicapped is a non-profit agency which provides special educational programs for handicapped infants and preschool children in Northeastern Massachusetts.

The Agency is licensed by the Massachusetts Office for Children, Massachusetts Department of Public Health and the Massachusetts Department of Education. Agency offices and classrooms are located in the Christ church Education Building on Central Street in Andover. Over 200 handicapped children and their families have been served by the agency in the last five years.

The agency programs, sponsored by the Parish of Christ Church, serve children of all races, creeds and cultures. Two programs are offered: the first is a day school program for children aged 18 months to seven years, and the second is a home-based early intervention program for infants aged birth to three years.

Danny enjoys his new chair for a play activity.

Admission to both programs is based solely on the needs of each child and the agency's ability to meet those needs. All children currently enrolled receive full tuition scholarships. Associated supporting services such as individual or group counseling, testing evaluation, and inter-agency referral are also provided free of charge to families of the children.

Both programs are funded from public and private sources. Partial funding is received from the Massachusetts Department of Public Health, Massachusetts Department of Mental Health, and towns and cities (PL Chapter 766). The remainder of the funding is provided by community groups, church organizations and individuals. Donations for scholarships, program expansion, special equipment and special needs are desperately needed and always welcome.

Cynthia Stocking, R.N. and Veryl Anderson, R.N. are Executive Directors of the Agency. Gail Taylor, Educational Coordinator supervises the day school educational program, and Maxine Wood, R.N., Health and Therapies Coordinator oversees the medical aspects. Together they supervise a staff which includes, five teachers, four teachers assistants, a staff nurse, a registered nutritionist, two social workers, two secretaries and physical, occupational and speech therapists. A child psychologist, a child psychiatrist, a pediatrician and a pediatric genetic specialist serve the children and their families on a part-time consulting basis.

Since the nursery was founded five years ago, expansion and growth have been constant. Last year a hot lunch program was started for the day school program and the home-based early intervention program was established. This

Stephanie joins Elaine Viehmann's nursery children for snack.

year, the therapies program for the nursery was expanded.

The hot lunch program was established with the help of Richard Barron and Supt. of Schools Kenneth Seifert of the Andover school system. Andover high school students constructed a special service area in the education building so that hot meals could be served to the children enrolled in the day school program.

The home-based Early Intervention Program was established with the assistance of the Lawrence Area Board. The program which is funded by the Massachusetts Department of Mental Health and Mental Retardation, serves infants from birth to three years who live in Greater Lawrence. Thanks to this program, educational therapeutic and supportive services are provided at a time when they are critically needed. Teachers, nurses, social workers, therapists, a psy-

chologist, and a nutritionist visit the home of handicapped infants to work with the children and help their families.

The new Integrated Therapies Program has recently been made possible by a Federal Grant. Under this Grant, physical, occupational and speech therapists work with the children right in the classrooms. Before this program, children were separated from their groups for isolated therapy sessions. The expanded program also allows therapists to train and supervise teachers and their assistants in the proper use of therapeutic techniques. Parents are invited to visit the classrooms to observe and learn appropriate techniques for their own children.

Educational and therapeutic techniques are planned and implemented through play. Play is an important part of every child's world. Play is every child's natural

learning tool and it is through play that every young child develops new skills. For this reason, learning at the Nursery is fostered primarily through carefully directed play. Play activities include art, music, cooking, water play, sand play, and group times.

Another aspect of the program which is highly beneficial to the children is a cooperative effort between the Professional Nursery and The Christ Church Nursery School to integrate children from the two schools for play and large group activities. Elaine Hiehmann, Director of the Christ Church Nursery School, Wendy Mosely, teacher, and Karen Hepworth, volunteer teacher, participate in this program which helps prepare handicapped children for future placement in integrated public school classes.

The Nursery serves as a field site for student therapists, teachers, and nurses. Agreements between the school and numerous New England colleges and universities permit students to observe and learn about special education in the day school setting. In addition to college students, there are several students from the Greater Lawrence Vocational High School and Andover High School who receive credit for the time they work with the children in the day school.

In addition to the students, a large group of volunteers offer their time and services to the professional nursery. These dedicated people come from all walks of life to unselfishly bring their special interests and skills to the children. Volunteers include the many students, professionals, grandparents, parents and people who just like to be with children. Volunteers help the children participate in program activities, they help the staff with outdoor play, with the lunch program and with numerous other program functions.

According to Veryl Anderson, the volunteer staff was instrumental in the rapid expansion of the day program by providing the individual attention demanded by each child. "Expansion of the program would not have been possible without volunteers," she said. Mrs. Stocking added that "There continues to be a great need for volunteer support if the program is to continue to serve the community." Mrs. Stocking indicated that persons desiring to offer their time or financial support may call or write to the Christ Church Professional Nursery for the Handicapped, 25 Central St., Andover, Massachusetts 01810.

## A Typical Day

Upon a visit to the day school, one might observe several children in a classroom clustered in small groups engrossed in various play activities.

A group of three children might be at the water table with a teacher and the occupational therapist. Here the children are learning to stand to strengthen their legs and to move their hands and arms in the water. They are using their muscles for movement and balance as well as developing their senses of touch, sight and hearing.

Another small group might be listening to a story read by a volunteer while others may be learning to play cooperatively. The speech therapist may be with a child, sitting on the floor helping him with language and listening skills.

In another classroom, it might be snack time. The teacher and a volunteer have helped the children make applesauce for their snack.

In the corridor, the physical therapist and a volunteer are helping a toddler learn to walk with braces.

In yet another classroom, it might be circle time. One would observe a group of seven or eight children sitting in a circle.

Those children who are unable to sit alone are held on the laps of teacher assistants, students and volunteers. The teacher is directing circle time activities. Together they sing and participate in movement activities to music, listen to short stories and play learning games.

Here the children learn to listen, participate and play in a group situation.

Julie sings at circle time.

# Traffic Problems Noted

A group calling themselves the West Andover Citizens Concerned for Safety presented a petition to Andover selectmen Monday night calling for stricter traffic controls on Lowell St. near Rutgers Rd.

The spokesman for the group, Martin Greenstein of 3 Rutgers Road, said they were concerned because Lowell Street posted at 45 miles per hour, but, he said, cars now travel the road at speeds up to 65 miles per hour.

He said this presents a danger to pedestrians, particularly children.

Reading from the petition, Greenstein cited four building projects which he said will increase the traffic on Lowell.

They are: a 32-home development Greenstein said is being planned for the area and which he estimated would add 64 more cars to the regular traffic now entering and exiting Lowell St. near Rutgers Road; the Digital facility in Tewksbury; Temple Emanuel being built at Haggetts Pond Road and Bellevue Road; and the Raytheon expansion on Lowell St. near Route 93.

He offered three solutions to the problem: increase the Andover Police patrol of the area; install more street lights there; install traffic lights or stop signs on Lowell St. at Haggetts Pond Road and Rutgers Road.

He said he also favored lowering the speed limit on Lowell to 30 miles per hour.

Town Manager Jared S. A. Clark said that since Lowell St. is state Route 133, the suggestions to change the speed limit and add stop signs or traffic lights must be considered by the state department of transportation.

Selectman Albert Cole, Jr., said that the Town of Andover could decide on the increasing of patrols and the installation of more street lights, and said he should forward the petition to the traffic committee for their consideration.

## Last Minute Suggestion

For last-minute holiday gift ideas, something in the food or flower line is sure to please, suggests the Massachusetts Department of Food and Agriculture.

While fruitcake, plum pudding and Christmas cookies are the traditional homemade gifts from the kitchen, a simple fruit bread, a jar of fruit preserves or cheese spread will also be well received.

An even easier gift idea is a handsome basket of fresh apples, pears and assorted fruits, and a variety of appealing combinations are available at retail food stores and roadside farm stands.

A fresh native turkey, duckling or goose will be a memorable holiday gift, and for the hostess, what could be more fitting than

a few quarts of eggnog, or an unusual assortment of cheeses?

## Senior Division

# Three Teams Still Undeclared

By Rick Harrison

Undeclared St. Robert's, West Parish and Christ Church all romped to decisive victories in the Senior Division of the Andover Church Basketball League last week.

St. Robert's captured its third straight win, blasting St. Augustine A 47-17, while West Parish coasted past St. Augustine B, 54-23, and Christ Church slammed Ballardvale United, 53-21, in games at the East Junior High gym.

## St. Robert's, 47-17

Bud Budrewicz led three St. Robert's players into double figures, flipping in 15 points as the victors jumped to a 10-4 first quarter lead and were never headed thereafter.

Mike Leary added 11 points, nine in the first half, while Tom Palma pocketed eight of his 11 in the second half.

Yvon Levesque contributed 3 points while Ken Saliba, Mike Murphy and Barry Lemieux had solo buckets for St. Robert's. A fourth period free throw by Senior rookie Bobby French completed the attack.

Tim Bolduc, Pat Beaudine and Mike Hobbs netted 4 points apiece for young St. Augustine A, while Mike Beaudine tossed in 3 points and Paul Burke had a last period fieldgoal.

## West Parish, 54-23

A somewhat undermanned St. Augustine B team, with several players out sick and high-scoring Mark Paradis no longer eligible because he made the Central Catholic freshman team, hung tough for the first half against West Parish.

WP inched ahead 7-6 after one period and led 22-14 at halftime. An 11-2 third quarter burst assured the victory for West, which then proceeded to chalk up a 21-7 last period advantage.

Tom MacDonald led the diversified West Parish attack, which featured 11 scorers, as he tossed in 12 points.

Mark Easton fired through 8 points, Ben Bram 7, Tom Kelly 6, Rick Desmarais and Steve Johnson 5 apiece, Mike Morris 4, J. R. Lindquist 2, Jay Robbins 2, Jim Lowe 2 and John McLellan 1 point.

Greg Shepard was high for St. Augustine B with 10 points, while Mark Connolly hooped 8, Mark Boyle 2, Terry Rourke 2 and Dan Donovan one free throw.

## Christ Church, 53-21

Mark Rogers, Eric Fredette and Mike Blair combined for 43 points to power Christ Church to its triumph over Ballardvale.

The score was knotted 6-6 after the first quarter, but C-C raced to a 20-11 halftime lead and stretched that to 30-15 after three periods. A 23-6 fourth quarter explosion wrapped things up.

Rogers finished the evening with a game-high 19 points, Eric Fredette added 14 and Blair canned 10.

Dave Menard collected all 6 of his points in the final period, John Rogers scored 4

and Ted MacDonald had a third period bucket.

Steve Todd led the answering fire for BU with 7 points, Gary Forbes added 6, Rod Hollenbeck 4, Dave Souter 2 and Frank Rissitto swished a pair of free throws.

Christ Church has lost the services of high-scoring Mark Frost for the remainder of the season, as he earned a berth on the Andover High team.

The next round of games will be played January 2, with West Parish facing St. Augustine A, Ballardvale meeting St. Robert's, and Christ Church opposing St. Augustine B.

## Ski Lessons Registration Concluding

Friday, Dec. 22 is the last day to register elementary and junior high school age children for afternoon ski lessons at the Bradford Hill Ski Area. Sponsored by the Department of Community Services, the program gives children in grades 3-9 an opportunity to learn proper alpine skiing techniques. Just like last year, students will be allowed not to register for lessons and to ski on their own. Parents who allow their children to ski without taking lessons should make sure of their children's skill level in order to help prevent the possibility of injury.

Junior high lessons begin at 3 p.m. while elementary school lessons begin at 3:30 p.m. Transportation to and from Bradford is included in the program fee. The bus schedule is as follows:

Monday: South and Sanborn Schools  
Tuesday: St. Augustines; Bancroft; Doherty; East Junior and West Junior  
Wednesday: No lessons  
Thursday: West Elementary and Shawsheen schools

Additional information on this program — i.e. program Fee, equipment rentals, etc. — is available at the DCS office on Bartlet Street and at all Andover elementary and junior high school main offices. All registrations must be delivered or mailed to the Department of Community Services.

Lessons begin on Monday, Jan. 8 and continue until four sessions have been completed.

## "Y" Winter Term Starts

The Andover-North Andover Y.M.C.A. will start Winter Term programs on Jan. 2. Prior registration is required for most course and enrollments will be accepted on a first come basis. Activities are scheduled for individuals three years of age and over. Program folders with details are available at the Haverhill Street facility. Youth and adult individual and family memberships are valid for one year from the date of application.

# Bantams Play Well Despite Losses

The Andover Bantam "A" hockey team played two of its best games of the season this past week but came away empty-handed losing both contests.

Last Thursday the local sextet dropped a 9-5 battle to Tewksbury in a Wilmington League game.

Andover led by a 3-2 count after the first period as left winger Greg Sacco scored all of his team's three goals.

Tewksbury scored first after only 15 seconds of play but Sacco scored a power play goal at 6:41 after defensemen Tim Derby and Bob Leber exchanged passes to set up the tally.

Sacco's second at 9:57 (assisted by Tom MacDonald and Mike Walsh) was offset by Tewksbury's second at 12:20. Forty-three seconds before the end of the period Sacco notched his third of the game to give Andover the lead. Derby and MacDonald drew the assists on this goal.

The Andover lead went to 4-2 at 1:38 of the second period as Sacco potted his fourth of the game and ninth of the season. George Price and Leber combined to set up this marker.

Tewksbury scored three goals before the second period ended, however, to hold a 5-4 lead going into the final period.

The third period saw Tewksbury score

four times while Andover only answered once, a powerplay goal by George Price assisted by Rick Apgar and Derby.

Andover's powerplay was especially strong throughout the game with the line of MacDonald, Sacco, and J.J. Downey along with defensemen Derby and Leber applying great pressure.

On Sunday Andover hosted Newburyport at Phillips Academy and, while outplaying the visitors throughout most of the game, came away on the short end of a 4-1 score.

Newburyport ran up three first period goals as they took full advantage of their scoring opportunities.

Andover's only goal came on a shorthanded situation as Sacco took the puck at center ice, outraced the Newburyport defenders to go in alone, and beat the Newburyport goalie, Bob Martin.

Martin slammed the door from that point on, however, as Andover had several glittering chances only to see them turned aside by the goaltender.

Newburyport added their final tally in the third period.

Andover faced off against Worcester last Tuesday after press time and is scheduled to meet North Andover tonight (Thursday) at Phillips Academy at 8 p.m. and Lawrence on Saturday at 6 p.m., also at P.A.

## Squirts Win, 5-3, Against Cambridge

After an opening Cambridge goal in the first period, Andover Squirts hockey team came back with 3 goals within a four-minute span just before the end of the period.

Cort Pomeroy, assisted by David Bartle and Paul Gilmartin tied the game midway through the first period. Mark Neaves spring defenseman Gilmartin from deep in his own zone for a rink long rush and a shot that kept Andover on top for the rest of the game, before Shanon McCabe topped off the opening period with an unassisted goal. The second period saw good defense and goal tending by both teams before Earl Abdoo converted line mate Timmy Donovan's rebound for the game winner. Cambridge scored their second goal just before the end of the second period.

After an opening third period goal by Cambridge all other scoring attempts were cut short by the Andover defense. John Gangi, Brian Gibson, Mosa Kaleel and Paul Gilmartin were strong on defense while goaltenders Greg Najjar and Robbie Carpentier came up with many moral boosters. George Haseltine iced the game with the fifth goal when he whistled one past the Cambridge goalie from a face off.

### Chelmsford 10, Andover 5

Regardless of the score, against this strong Wilmington League team, Coach Fran Ferrara had much praise for his diehard team. "I'm proud of the way the boys skated tonight," he said. "They didn't give up and they were the stonger team in the third period."

Andover was down 3-0 in the first period when Cort Pomeroy set up George Haseltine for the Squirts first goal moments before the buzzer. Chelmsford had a big second period scoring five goals before Shannon McCabe sent Cort Pomeroy in for a score near the end of the period. A hard fought third period saw Chelmsford adding two more goals, while leading the attack for Andover was Shanon McCabe, Mosa Kaleel and David Bartle each with one goal.

### Andover 2, Agawam 0

Behind great goaltending by Robbie Carpentier and Greg Najjar the Squirts notched their first shutout of the season. A good two-way game with sharp defense on both sides, saw Andover kill off five penalties to just two for Agawam. Steve

Donovan, Dave Riddiford and Mark Neaves all turned in outstanding prformances. A goal a piece by Tim Donovan and Earl Abdoo were all that were needed to give Andover this game played in Danvers.

### Andover 6, Concord 2

The boys avenged last years away defeat in a convincing manner. After coming out of a 1-1 tie in the first period, Andover answered with two goals in the second period and three in the third before Concord managed their last tally in the last minute of play. Paul Gilmartin and Mark Neaves each scored twice, while Ken Young and George Haseltine rounded the scoring off with one each.

## Reunion

A dream became a reality 15 years ago. Camp Evergreen in Andover, established by Jim Loscutoff, after his retirement from the Boston Celtics in 1963, has been a reality for thousands of youngsters who have attended the day camp during the past 15 years. A skating party reunion is planned for the campers, counselors and friends who have been part of the comraderie and lifetime relationships formed as a result of the shared experiences at Camp Evergreen.

Sumner Smith Hockey Rink at Phillips Academy in Andover is the place. Dec. 27, 1:30 to 4 p.m. is the time.

## Completes Recruit Training

Marine Private Roy W. Stevens III, son of Diane and Roy W. Stevens Jr., 24 Kingston St., North Andover, has completed recruit training at the Marine Corps Recruit Depot, Parris Island, S.C.

During the nine-week training cycle, he learned the basics of battlefield survival. He was introduced to the typical daily routine that he will experience during his enlistment and studied the personal and professional standards traditionally exhibited by Marines.

A 1978 graduate of North Andover High School, he joined the Marine Corps in May 1978.

In 1836, there was a surplus in the U.S. Treasury of more than \$28 million.

## Pee Wee A's Halt Skid, Rout Haverhill

The Andover Pee Wee A traveling hockey team experienced a disastrous two-week period up until last Monday evening. During this span, Andover was soundly beaten by Edgewood, R.I., Cambridge, and Nashua, N.H., all powerful entries in the Wilmington League.

Against Edgewood and Cambridge, the locals could only manage two goals, one by Dean LoPresti and the other by John Marocco.

The Saturday morning contest against Nashua was an extremely close contest through two periods. Nashua held a 3-2 edge until the last 26 seconds of the second period when they went ahead 4-2. Andover scores came from Jon Crawford on an unassisted tally in the first period. The second goal was scored when Tom Marjerison and Ken Crawford set up Jim Daly early in the second stanza. Again, Mike Gibson played a very steady game in the Andover nets. Nashua scored two more times late in the third period to make the final 6-2.

### Andover 9 Haverhill 3

While the Pee Wee's were taking their lumps, they never lost their enthusiasm and drive. During the losing streak, the coaching staff put the skaters through some very strenuous practice sessions and the results paid profitable dividends.

On Monday night in Danvers League action, Andover took out their frustrations on Haverhill and beat them by a 9-3 score. As the first period began, Andover came out flying. The first shift of Shane Smith, Dave Keene, and Doug Guittar up front with Bill Donovan and Shaun Bateson on defense set the pace of the game and controlled play in the Haverhill end.

On the next shift, Ken Crawford stole the puck in the right corner and fed a centering pass to Jim Daly which he fired home for the initial score at the 10:13 mark. Although he didn't get an assist on the play, winger Tom Marjerison's hustle broke up the rush which allowed Crawford

the opportunity to steal the puck deep in the enemy zone.

Shortly after the ensuing face off, defenseman Dean LoPresti picked up a loose puck behind his own net and spotted winger Zack Apgar alone at the left point. As he gathered in the pass, Apgar raced in alone on the Haverhill goaltender and scored at 9:26.

For the next four minutes, the action went back and forth with goalie Steve McDowell making several key saves. At 4:52, Andover went up 3-0 as Donovan, Smith and Keene exchanged passes which finally resulted in Guittar's tally on a 15 foot slap shot from the right slot. Andover didn't give Haverhill a chance to catch their breath as Daly came back with his second goal of the night, unassisted, on his pin point shot from the right face off circle at 4:19.

By this time, the locals were gaining in confidence and the offensive pressure they were applying almost cost them a goal when the defense was caught up ice. Haverhill broke out on a 3 on 1 break only to be denied on a great save by McDowell. The two teams

traded goals in the last minute of action as John Marocco set up Apgar's second goal at 0:55. The period ended with Andover well in command at 5-1.

Andover continued the scoring barrage in the second period when leading scorer, Jon Crawford, intercepted a pass at the blue line, skated into the face off circle and fired a perfect backhand pass to Ken Crawford (no relation) in the slot which he lifted over the outstretched goalie at 7:57.

The Pee Wee's continued to gather momentum and two minutes later, Billy Donovan picked up the puck behind his own net and raced the length of the ice. Using Smith and Keene as decoys, Donovan faked the Haverhill defense and beat their goalie to the right side for the seventh tally of the night at 5:17.

# East Junior High Happenings

By Jennie Caffrey

Ninth grade students at East have been seen carrying tape recorders, extension cords and cassette tapes about the school. These students have been involved in the new Oral History Program. This is a program in which students interview some of the senior citizens of Andover. The students learn about education, population changes in the town, as well as interesting information about the two world wars and the depression years. The students who worked on this project did their interviews during off-school hours. They receive Social Studies credit as well as English credit for their work, for they are involved in learning about history and must prepare a final paper for their English class.

The girls' basketball team, coached by Mr. Givens, won their opening game against Parker Junior High of Chelmsford

last Friday. Although the girls were trailing early in the game by as much as 11 points they rallied in the second half to tie the game at 24-24 and sent the game into overtime. Amy Starensier was high scorer for East with 16 points and Cathy Clark was the team's leading rebounder.

The students at East have been involved in a variety of seasonal activities. Under Student Council sponsorship, the homeroom doors are being decorated and prizes will be awarded on Friday. Many of the Student Council members had a lot of fun helping at the party for the children in our special education class. The girls choral group, the G-Clefs, performed at the Raytheon Company this week and all the musical groups, including the band, orchestra and choruses presented their annual holiday concert to the public Wednesday night. They will repeat the perfor-

mances for the entire student body on Friday.

Everyone at East wishes to extend the happiest of holiday greetings to all!

## For Those Of Us Who Are Older

By Janet D. Lake  
Today, at 2 p.m. Memorial Hall Library Staff will present two educational films at The Haven. The first entitled "Gristmill" deals with a grist mill in New Jersey and the second, entitled "Zoo," is about the National Zoo in Washington, D.C. Today, Dec. 21, 2 p.m. Free. At The Haven.

There will be no French classes until Jan. 2.

The regular session of the Mini-clinic will be held at Frye circle, Tuesday, Dec. 26 — the Day after Christmas. Appointments are scheduled from 2 to 4 p.m. and you must call the Andover Board of Health to make one. Patients are seen by appointment only!

Wednesday, Dec. 27, there will be a pot luck luncheon at The Haven at 12:30. If you'd like to participate call The Haven and let them know what you plan to bring as your contribution. It is always fun to get together and share other people's cooking.

The January newsletter from The Haven will be mailed to citizens over 60 next month. This is in line with the policy of distributing the monthly publication throughout the town at least three times per year. This January edition will contain a rundown of all the new classes to be held this winter at The Haven under the Recreation and Community Schools program. Watch for it.

The Haven will be closed both Christmas Day and New Year's Day and there will be no lunch program at West Elementary until Jan. 2.

### Have a Happy Holiday! Course Offered

The Lincoln filene Center for Citizenship and public Affairs at Tufts University, Medford, will offer a course on "Environmental Protection in a Technological Society" for elementary and secondary teachers beginning Jan. 17.

The course will meet on Wednesday evenings from 6:30 to 8:30 p.m. through May 2 (February vacation week excluded). It will cover such topics as basic ecology, city environmental planning, energy conservation, agricultural land preservation and political environmental action.

## New Building Vs. Renovation

To the Editor of the TOWNSMAN:

Responding to a letter sent to parents of the Andover school children by Dr. Seifert, Superintendent of Schools, I attended the Special Town Meeting Monday the 11th of December. In his letter Dr. Seifert said "renovation of the East Junior High School would cost more than a new facility."

At the meeting I asked for documentation supporting this claim. I then found the claim to be baseless. A study has not been made. Although at the same time architects have been contracted to work on plans for a new building (at what cost to the Town?)

In no way can I imagine a new building including costly foundation, water, sewage, electricity and any other utilities that may be deemed necessary would cost less than repairing an existing facility.

The construction of the high school is ample testimony as to how costs skyrocket from initial low bids, given only to convince the public that it would be wise to go ahead with the new project — then the realization, after acceptance, that actual costs are many multiples of the original estimates.

Much information is lacking:

Where will the new building be constructed? What happens to the old building? What will the costs be to renovate the old building for other uses? Will the new building have the same capacity as the old?

Are we comparing apples to apples or apples to oranges?

Article 1 of the Special Town Meeting was a typical Andover Political Sham!

The politicians who have all day, each week to build castles in the sky are once again giving the overburdened taxpayer the business.

## Unusual Flag

To the Editor of the Townsman:

Through the kind offices of Mr. Charles Dolben of the Arkwright Insurance Co., my family and I will be living at the old Shattuck Farm until such time as a final disposition is made concerning the property. We have been in residence since the first week of November.

No doubt some of you folks have noticed something unusual going on with the flagpole. While we do have some American flags, we also have a red flat with the word Liberty across the bottom. Please rest assured that unless your sympathies be with Kind George III, this is not a radical flag. In fact, it predates the more familiar "Betsy Ross" flag of the Revolutionary War.

In Huntington, New York, our hometown, a paper was published in June 1774 known as the Declaration of Rights. Many of the points outlined in this document were later incorporated into the Bill of Rights. The flag at that time consisted, to the best of our knowledge, of the standard British Union Jack. When the Declaration of Rights was published, the flag was altered to show the Union Jack in one corner, a bright red field, and the legend "Liberty" and "George III" in

white letters across the bottom.

This flag lasted about two years until July 22, 1776 when Huntington received its copy of the Declaration of Independence. The document was read on the village green to the accompaniment of much cheering and celebration by the Huntington Militia and the townspeople. Then, to show that their hearts were in the right place, the people hauled down the flag, removed the Union Jack and "George III," made a black powder-filled effigy of George wrapped in a Union Jack, and ran him up a pole where he consequently exploded. They also created the Liberty Flag.

The new flag consisted of a bright red field with the word "Liberty" across the bottom. This flag was carried by a seven-company contingent of the Huntington Militia into the Battle of Long Island that August.

The Liberty Flag did not last very long, being captured by Hessians at the close of the battle. It was subsequently packed off to Germany where it was kept in a museum and eventually destroyed by Allied forces in World War II.

The flag itself was described by the Hessians (Continued on Page 35)

## Glaucoma Is Threat

Glaucoma is an increasingly serious eye disease which occurs most frequently in persons over the age of 30, and affects at least 2 per cent of individuals over 40.

Thousands of Americans have lost their sight from Glaucoma. Many Americans have the disease without knowing it, and unless it is diagnosed and treated early, it can cause blindness.

One type of glaucoma, called chronic glaucoma, causes no symptoms until severe damage has been done. Chronic glaucoma can be detected by the medical eye physician (ophthalmologist) who uses an instrument to measure the degree of pressure in the eye and another instrument to measure the size of the visual field, or side vision.

Every adult over 40 should have a test for eye pressure as well as for visual fields when he or she goes for an eyeglass checkup.

Another type of this insidious eye disease is called acute glaucoma. In this ailment the pressure suddenly rises to a very high level, and the attack is accompanied by severe pain, redness and blurred vision. Most often the patient must be placed in a

hospital immediately and treated by surgery to relieve the pressure. Surgery is successful in most cases, but prompt treatment is necessary.

## Postal Volume Reported High

The Andover Post Office reported high volume Christmas mailing this week, and offered suggestions for getting last-minute mail to its destination on time.

According to Michael J. Curran, Officer in Charge of the Andover office, volume is high, but he said the mail is "flowing smoothly."

He said the volume of mail this Christmas season, as measured by stamp sales, is slightly higher than last year. From Dec. 1 to Dec. 14, the Andover post office sold \$48,810.96 worth of stamps. They sold \$48,097.53 worth during the same period last year.

As a comparison, sales for the entire month of September were \$53,360.72.

Curran said that it is not too late to send letters and packages and still have them arrive in time for Christmas using a new service of the post office called express mail.

The express mail system offers two distinct services. One is mail from post office to post office, and the other is from post office direct to the addressee.

Under the first system, mail sent from an express post office by 5 p.m. will reach any other express post office by 10 a.m.

the next day. Rates are determined by the weight of the item being sent, and the postal district it is being sent to.

Andover is an express office, but not all post offices are part of the system. Check the post office for a list of member branches.

The person who is to receive the mail must be notified ahead of time when it will arrive and at what post office.

The second express service promises that mail brought to an express post office by 5 p.m. will be delivered directly to the addressee by 3 p.m. the next day. This service is not available to addressees on rural routes.

There is a money back guarantee on the postage if the mail does not reach its destination by the specified time, and all mail sent via this system is insured up to \$500.

In order to handle the increase in parcel post traffic, Curran said the regional distribution center in Springfield, which serves the six-state New England region, added two shifts on both Saturday and Sunday.

He said no extra shifts were required at the Andover office.

## 'Flashy Books' Irk Mrs. Cole

Selectman Virginia Cole objected Monday night to the Town of Andover hiring private companies to print what she termed "flashy booklets" to explain town ordinances.

She referred specifically to a recently printed booklet called "Sign Design Handbook" which was prepared by Phillip B. Herr & Associates at a cost of \$2500 for 2500 copies.

The 15-page illustrated booklet lists the legal requirements for signs in the Town of Andover as stated in the Zoning Bylaw, and as amended at the April 1978 town meeting. It also lists voluntary guidelines for signs.

The booklet's printing was authorized by the Planning Board.

In the discussion which followed Mrs. Cole's objections, Town Manager Jared S.A. Clark said that the booklet and others printed for the town are used to explain

certain town ordinances to citizens who have to comply with them.

Selectman James Abramson said he suspected that the appearance of the "Sign Design Handbook" was "just the tip of the iceberg." He said he expected to see more such booklets.

Selectman Susan T. Poore said "the water will warm up and the iceberg will melt."

The board of selectmen recommended that such pamphlets be produced more cheaply in the future.

Clark said that he would like to see a book of all town ordinances printed, so they can be found easily. He said he found it embarrassing to deal with a company like Polaroid, and to have to shuffle through "a pile of papers" looking for ordinances.

The board agreed with his proposal, but took no formal action.

## Scholastic Money Found

Money for several scholastic prizes, which were apparently forgotten and went unawarded for years, was discovered by a committee appointed by the town manager to review the administration of trust funds in the care of Andover.

Discovery of the prizes was announced by the chairman of the committee, Atty. Andrew Shea at the selectmen's meeting Monday night.

Selectman Edward M. Harris suggested reminding the school superintendent about the prizes and having them awarded to deserving students.

Albert Cole, Jr., chairman of the selectmen, commended the committee on

their "comprehensive report," and said he believed it was the first such study ever performed by the town.

Town Manager Jared S.A. Clark, echoed Cole's praise, and asked that the trust fund be reviewed twice yearly. He said he felt the funds were being well administered, but wanted to make sure they were utilized property.

Selectman Virginia Cole recommended not dismissing the committee and using it for the twice-yearly review.

The other members of the committee were town treasurer Myron Muise and Robert Foster.

## At Christmas He Waxes Eloquently

Jack Frost?

Judge Joseph F. Vinciguerra is shown decorating a window in the town manager's office with a

chip of soap. The judge has decorated windows in this manner for 55 years.

By Tim Greene

Judge Joseph F. Vinciguerra has been soaping windows for 55 years.

Every year for more than half a century, the judge has decorated windows with Christmas drawings using just a bar of Fels Naptha soap, a keen eye and a steady hand.

He has decorated store windows in Andover, and annually draws his Christmas pictures on the windows of the Town Hall.

The judge has executed his soap-paintings on windows in Tokyo, Honolulu, Canada, Jamaica, Paris and Rome. He has even soaped the window of Bonwit-Teller on Fifth Avenue in New York.

The year he made his Fifth Avenue drawings, accompanied by a crowd of onlookers, he said he was stopped by a policeman. Although he said he told the officer he would rather be jailed than stop, the policeman sent him away without arresting him.

While he decorated a window in the anteroom to Jared S. A. Clark's office in the town hall, he said, "You can't buy this." He draws for free; his pictures are his expression of Christmas spirit, he said.

If someone were willing to pay him for a large job, though, say soap-painting all the store windows in a town, he said he would accept, and donate his salary to a hospital or charity. All he asked for himself was meals, lodgings and transportation to and from the job.

The Judge said he is still looking forward to his life's ambition: decorating all the store windows in Times Square, from 42nd St. to 53rd in two hours. His fee: \$5,000, for charity.

The Sanctuary of South Church lends its voice to the songs of the season during the Advent Festival held at the church this past weekend. The choir is under the direction of Keith Gould.

## Christmas

The sounds and spirit of Christmas fills the air. Carollers accompany shoppers in downtown Andover. Seasonal pageants portray the season as schools prepare to close for the holiday season.

The town is aglow with Christmas decorations. It is a joyous time of year.

It is that time of year when, despite constant reminders of problems around, the world seems a little better.

Our problems become somewhat forgotten as we turn to the more important feeling of caring and remembering others, taking time to be sure that those in need will enjoy this holiday season.

While the season is a busy one, the rush is not so bothersome as preparations are made for the exchange of Yuletide gifts, enjoying the sociability of a holiday party or two, all contributing toward making this a happy time of year.

The problems of the world do not go away, of course. The search for everlasting peace, felt so close a few weeks ago, still goes on in the world. We still have concerns about tragic happenings at home and abroad.

Aiding in tempering the effects of such things,

however, is the pause, at this time of year, to reflect on the peaceful, joyous scene in Bethlehem, which provides us with some sense of understanding.

The Birth of the Prince of Peace was to redeem mankind and produce a world filled with brotherhood and love.

As Christmas approaches, there is generally an annual resolve to work more toward those principals in our everyday lives.

But, being human, we often drift from such resolves.

Christmas, therefore, provides us with the time to once again strive toward directing our lives toward the love, understanding, and brotherhood, so evident in the peaceful scene in Bethlehem.

The happy sounds of Christmas will ring out this weekend in churches, and as families gather to enjoy the holidays together.

The season of peace, hope and love is with us again, along with the desire that the spirit of the season continue throughout the days that follow.

As Christmas day approaches, we offer the wish that the spirit of the season, portrayed in the Nativity, will serve as the inspiration to truly proclaim, "peace on earth, good will to all mankind."

sian Colonel von Rahl as a piece of bright red Damask silk with "Liberty" in what letters. A local newspaper account, published the day after the creation of the Liberty Flag, gives the details of that day. Both of these items are a part of the Huntington town records. During the Bicentennial, the Liberty Flag was designated the official town flag.

In 1974, the Huntington Militia was reactivated as a town-sponsored educational group for the purpose of demonstrating the arts of Revolutionary War drill, warfare, and camp life. My wife and I have been members of this group since its inception. She has attained the rank of Corporal in a line company, and I have been the Ensign, or color-bearer. Our group takes great pride in the authenticity of its uniforms, accoutrements, weapons, and camp equipage.

When we left Huntington to settle here, our Town Historian, Rufus Langhans, gave me this Liberty Flag so we could bring some of our history along with us to

share with you. Because it predates the Betsy Ross flag by almost a year, and because both flags represent the values and ideals cherished by our ancestors, we will be flying it alternately with the Stars and Stripes.

We hope that this answers any questions you may have concerning our choice of colors. Thankyou.

After three years of "temporary housing" in the spacious old polar bear exhibit at the Walter D. Stone Memorial Zoo in Stoneham, the sea lions have "come home." Home to the growing herd of California Sea Lions (*Zalophus californicus*) is across the Stone Zoo to

their 90,000 gallon tank with its underwater viewing windows and a beach breeding area.

The total renovation of the exhibit included expansion of the beach and the construction of rock-like cliffs and shelter redesign-

ed to promote breeding activity among the four sea lions (one bull, two cows and a baby). The designs and construction (done in-house to cut costs) were made possible by a grant from the McCarthy Family Foundation.

## Technology: United States Down, Other Nations Up — and Rising

WASHINGTON — There is alarm in the Pentagon over America's declining technology. The United States has already fallen behind the other major industrial powers in shipbuilding and steelmaking.

There has also been a disturbing drop in U.S. productivity. Basic research has fallen off. The Germans and Japanese are challenging U.S. supremacy in electronics, and the Soviets are catching up.

Defense Secretary Harold Brown has warned President Carter that our technological lead over the Soviets is declining dangerously. Any further erosion could jeopardize the national security.

Take computers, for example. Our superior computers have given us an edge over the Soviets. Increasingly, our national security has become dependent on computers. In the event of another war, they would play a major role, possibly a decisive one.

The Pentagon spends \$10 billion a year on its computer systems. Yet there is alarming evidence that the Pentagon's computer programs are plagued by serious problems.

This is the conclusion of a special White House task force. We have obtained a copy of their unpublished report.

"The Air Force is no longer the leader it once was in its computing," states the document. "Obsolete equipment, persons with out-of-date skills, a stifling bureaucracy and inadequate management ... have resulted in marginally functioning computer

utilization."

That's not all. The report warns urgently: "Most computer sites in the Air Force ... offer vulnerable targets to either a nuclear attack or sabotage."

The Navy is not doing any better. "Today's Navy cannot function without computers," says the report, but "Navy management of the computer resource is not adequately coordinated."

In fact, the report declares, "there is technical deterioration and obsolescence in much of the computing equipment in all three services."

**The Public Pays:** The president has promised to slash government spending to set an example in his war against inflation. We have seen some of his preliminary budget forecasts, which show how he hopes to accomplish this.

He hopes to reduce the Interior Department budget, for example, by charging the public more for recreation. The fees for visiting national parks will be doubled over the next two years. White House budget experts predict that the higher fees will add \$12 million to the treasury in 1980 alone.

The budget for wildlife refuges and for construction in national parks will be cut back by almost \$100 million. And the conservation fund will be slashed by more than \$124 million. The National Park Service, incidentally, will be given no money to support the performing arts.

But there will be some increases. The budget will be tripled for recreation

centers in urban areas. There may also be some increases for natural gas production and coal leases.

Last summer, Interior Secretary Cecil B. Andrus took President Carter on a raft trip down the Snake River. This was supposed to dramatize how much they loved the outdoors. But the secret budget figures indicate that the president is more concerned about energy production than wilderness preservation.

It also looks as if the increased cost of operating the national parks will be borne by those who visit them.

**Canal Connection:** When the United States gives up control of the Panama Canal, narcotics smugglers will find it much easier to smuggle their wares.

This is the fear expressed in confidential reports we have obtained from the files of the Drug Enforcement Administration. Even now, U.S. Customs agents suspect, some ships passing through the canal are laden with tons of marijuana. American officials fear that once the Panamanians take control, more dope-smuggling ships will slip by unchecked.

When a vessel is suspected of carrying illegal cargo, Canal Zone authorities sometimes are tipped off and the ship is thoroughly searched. But when the Panamanians take over, Canal Zone officials will lose the limited authority they now have. Even the lax customs procedures now in use will be eliminated, and U.S. law

will have no force.

**Monkey Business:** The National Cancer Institute has made monkeys out of the taxpayers. Three years ago, officials of the institute paid a New Jersey firm \$10,000 to obtain 10 gibbons for research purposes. Gibbons are ape-like mammals commonly found in Asia.

The New Jersey company has already spent most of the \$10,000, and, so far, not a single gibbon has been delivered. Government auditors have found that the company has no full-time staff, no office space, and it is not even in the business of supplying research animals.

**Watch on Waste:** President Carter has asked the bureaucrats to cut down on official travel, but officials at the Peace Corps apparently haven't gotten the message. Employees there have spent \$190,000 in the last three months traveling to meetings. A spokesman said it was just impossible for the traveling bureaucrats to conduct their business by phone.

**Headlines and Footnotes:** Rep. Robert Kas-ten, R-Wis., chose not to run for re-election, has put his Washington home up for sale and the taxpayers are helping out. He is using official stationery to advertise the sale to his colleagues and government messengers to deliver them ... It seems like yesterday that Greece and Turkey were fighting; now trade delegations from each nation are exploring the possibilities of commercial cooperation.

*Your  
Hair

by Lou Durazzano

Having a permanent can make hair easier to manage. By keeping a few simple tips in mind you'll need to spend much less time and effort on your hair once you've had a permanent. Because hair needs time to adjust it's best not to wash it for 48 hours after the perm. To keep it soft, use a conditioner each time you shampoo. Allowing the hair to dry naturally is always better than blow-drying, and permed hair has a tendency to frizz if combed while wet. Wait till hair is completely dry, then comb with a large toothed comb rather than a brush.

Our staff at SUPER CUT HAIR SALON, 93 Main St., 475-3711 would like to wish you and your family a Merry Christmas and a very Happy New Year. May 1979 bring you and yours health, happiness and prosperity as well as peace across all corners of the globe. We look forward to serving you for many years to come. Hours: Mon.-Sat. 9-5, Thurs. and Fri. til 7.

## DCS-capades

No, this is not a typographical error, the Recreation/Community Schools Department is now the Department of Community Services. Program information will continue to appear in this column on a weekly basis. However we've gone from R/CS-capades to DCS-capades.

### Christmas In Other Lands

A children's holiday workshop for 4½-7-year-olds will take a look through children's literature at the history, traditions and celebrations of Christmas throughout the world. The program will be offered on Saturday, Dec. 23 from 9:30 a.m. to 11:30 a.m. at the West Andover Community Center. Individuals can register at the DCS office between 8:30 a.m. and 4:30 p.m. Monday through Friday.

### Cross Country Skiing

Registrations for cross country skiing lessons at the Rolling Green Ski Touring Center are now being accepted at the DCS office. A series of three lessons can be taken on either Tuesday or Thursday evenings beginning on Tuesday, Jan. 2. All registrations must be made at the Department of Community Services office on 36 Bartlet St. For additional information call the office.

### Christmas Vacation Program

For information on the Department's Christmas Vacation activities, be sure to see the special schedule in this week's TOWNSMAN.

## Gym Meet Tuesday

The annual gymnastics meet between the Andover Boy's Team and the Alumni will be held on Tuesday, Dec. 26 at 7 p.m. at the High School gymnasium.

Some of the alumni expected to compete are: Dave Mirisola of Dartmouth College; Matt Mirisola of West Point; Dan and Chuck Sirois of Lowell University; Tim Barry of U. Mass; Steve and Dave Sirois; Dick Ferguson of Boston State and coach of the Salem, N.H. gymnastics team; Chuck Shiebla of Springfield College and coach of Brockton gymnastics team; Gary Obermeier of Boston State, and many more.

As an added attraction, Chuck Shiebla former co-captain and All-American gymnast at Springfield will perform a triple balance at half time with Stan Lesinski and Stephanie Jones formerly of Springfield College.

## 75 Years Ago — December 1903

Superintendent of Schools Corwin F. Palmer gave a very interesting and instructive illustrated address on the Yellowstone National Park, at Abbott Academy Hall last Saturday afternoon. The pictures were exceedingly beautiful.

A surgical operation was performed on the throat of Miss Bessie O'Sullivan by Dr. Conroy assisted by Dr. Daly. Superintendent of schools C. F. Palmer was present. Miss O'Sullivan's speech will be much improved by the operation.

The interior of J. P. Wakefield's store has received a fresh coat of paint this week.

The barber shop in town will be closed on Christmas day, but will be open until 11 o'clock on Thursday evening.

The announcement in these columns last week of the death of David Warden was erroneous, and we are glad to make the statement that although Mr. Warden is quite ill in California, he was still alive upon receipt of the last letter to his family in town.

## 50 Years Ago — December 1928

Frederick H. Ladd, Jr., a member of the Class of 1930 was appointed captain of the Punchard football team at the meeting following the annual supper tendered the members by the girls of the domestic science class last evening in the Punchard Building. During the last season, Ladd played right tackle.

A series of vivid word pictures by Mrs. Claude U. Gilson gave members of the Civics department of the November Club, assembled for their regular meeting last Friday, an idea of some of the conditions she found in Russia last summer. At her next lecture to be given Friday, Dec. 28, she will tell her hearers some of the conclusions which may be drawn from her observations.

## 25 Years Ago — December 1953

A lay committee to assist the town planning board in the study of its future problems has been formed as the result of a public meeting held recently at the Memorial Hall Library under the sponsorship of the Andover League of Women Voters.

The Andover Playhouse extended its invitation to all children of Andover to a Christmas movie on Saturday morning, Dec. 19, as guests of the playhouse.

The lack of seasonable Christmas weather during the past few weeks has slowed down business for the rubber footwear industry to the extent that the Tyler Rubber Company has in the last two weeks laid off nearly 200 workers.

Among the outstanding cows completing tests supervised by the University of Massachusetts and the Holstein-Friesian association were two owned by Sidney P. White of Wild Rose Farm. Greely Hill Jet Jessie, 494 lbs. butterfat, 14,721 lbs. milk, and Wild Rose Everlasting Nal, 492 lbs. butterfat, 13,893 lbs. milk. Both averaged 20 quarts daily.

The selectmen voted Monday night to extend the hours on New Years eve until 1 a.m., Jan. 1, for those who hold licenses for alcoholic beverages to be drunk on the premises.

## 10 Years Ago — December 1968

The building Committee pared down the projected cost for a public safety center, and decided it might be financed with \$507,000 still left in the budget.

Brian C. Farrington, 10, of 19 Argyle St. is a finalist in the John Hancock Mutual Life Insurance Company's Christmas Art Contest for his crayon drawing of Santa's Super Sports Car.

Francis J. Trombly won approval of the Boston city council for his plans to take

over the MBTA bus route now serving Andover and Lawrence. The town's contract with the MBTA expires Dec. 27.

## Review

# Miller Work On Exhibit

On Sunday, Dec. 10, an opening was held at the Andover Gallery of Fine Art, representing the most recent work of Andover artist Gustaf Miller. The Show consists of 33 watercolors, 17 pieces of stoneware sculpture, and ten constructions. Mr. Miller's knowledge and mastery of many media is evident in this show.

His watercolors possess all the qualities that one hopes to find in that medium. Each work has a fresh light touch; things that we see around us day after day take on a new look.

The stoneware sculpture, figures in various positions, are a marvelous blend

of truth and humor, each piece so concentrated in itself.

If Miller's show had to be named (it doesn't), "reflections" would be an appropriate title. It is a word that describes his watercolors and constructions not just visually but also intellectually. These works of art do reflect our American way of life in a most intimate way. This collection of work is a delight to the eye and mind and will be on view through Jan. 5. Gallery hours are Tuesday through Saturday, 9-5, Sunday, 2-5; closed Monday.

Connie Corkery, Terry Curley, Jan Goldstein, Alison Hill, Louise Perry, Chris Powell, Beth Sullivan, Linda Weiner, and Anne Maher, 8th grade.

Cheerleading tryouts for the winter squad were also held. Ninth grade cheerleaders are: Carole Balin, captain; Pam Kennedy, captain; Anja Grant, Julie King, Allyson Rollenhagen, Debbie Montgomery, Lori Garabedian, Michele Gildea, and Maura Keegan.

Eighth grade cheerleaders are: Suzanne Tisbert, Lillian Wang, captains; Cathy Ainscow, Sarah Brent, Jennifer Hooson, Francesca Johnson, Susan Lilly, and Donna O'Brien. The cheerleader's coach is Mr. Tisberg.

The annual holiday show was held Tuesday. West groups performing include: Boys Glee Club, Girls Glee Club, Choral Society, and West Side Singers. The band also performed. The singing groups are lead by Mr. Gould, with Mrs. Colt playing the piano.

The seventh grade is already starting fund-raising projects to support the Cape Cod Field Trip. Activities include raffles and the sale of fudge. This year the Gold Team will be participating in the week long trip. In past years the Blue Team was the only group going. The group is led by Mr. Taylor and Mr. Staples.

### Saint Lucia

On December 13, the arrival of the Christmas season in Sweden is heralded by a portrayal of Saint Lucia. Garbed in white, with a flowing bright red sash and a pine bough crown glowing from the light of seven candles, she awakens the family and serves them coffee and cake.

## Honored At Norwich

Stephen D. Jennison, a 1975 graduate of North Andover High School, was named a Distinguished Military Student and received the Recondo Insignia during recent ceremonies on the Norwich University campus.

In order to qualify for the DMS, a student must have high leadership and moral character, be in the upper third of his class in Military Science, and be in the upper half of his class in all other academic subjects.

After a Norwich cadet receives the DMS award, he will receive a Distinguished Military Graduate designation, provided he has maintained DMS requirements during his senior year. Upon being named a DMG, he may apply for commission as a 2nd lieutenant in the Regular U. S. Army, to be effective after graduation.

The Recondo Insignia is awarded for excellence in the Army physical proficiency test and all phases of Recondo training at advanced camp.

He was also recently initiated into Epsilon Tau Sigma, the University's academic honor society.

A mechanical engineering major at Norwich, Jennison is a second lieutenant

in the University's Corps of Cadets. His parents are Mr. and Mrs. David Jennison, 60 E. Water St., North Andover.

## Christmas Pageant Sunday

An Andover minister, his wife and daughter will play the parts of Joseph, Mary and Baby Jesus at the Christmas outdoor pageant of the West Parish Church on Sunday, Dec. 24 at 5 p.m.

Rev. David Duncan and his wife Janet, along with their daughter Julie will join over 30 other members of the church in this unique reenactment of the age-old biblical story of the birth of Christ. Rev. Duncan is associate minister of West Parish Church.

Complete with animals and costumes, this outdoor Christmas pageant will be held on the farm of Dr. and Mrs. Otis Maxfield, 11 Reservation Road, Andover. Dr. Maxfield is the Senior Pastor of West Parish church. Written by Kent Schroeder, chairman, the narration is based on the Gospel story according to Matthew and includes not only the visit of the shepherds and the Wisemen, but also of the littlest angel and the little drummer boy.

The cast includes Mary, Janet Duncan; Joseph, Rev. David Duncan; Baby Jesus, Julie Duncan; Shepherds, Debby Grant, Karen Perry, Faith Barnard, Beth Herling, Janet Perry, Pam Weidman, John Thompson, Donald Ellsworth; Wisemen, Steve Klockow, Glenn Johnson, Paul Fitzpatrick, Dave Schroeder.

Also, Angels, Amy Witman, Mandy Gulezian, Elizabeth Carew, Kimberly Brown, Tanya Kachem, Sarah Perry, Bonnie Bilger, Kim Guild, Jennifer Schroeder, Samantha Benson, Jennifer Harmoning, Lisa Graves; Little Drummer Boy, Jeff Shupe; Littlest Angel, Heather Bryce; Innkeeper, Kent Schroeder; Narrator, Frank Hopkins.

Also, Pages, Adam Guild, John Benson, Greg DeBeer, Adam Clark, Michael Graves, Craig DerAnanian.

Ushers, Ed Bilger, Sam DerAnanian, Frank Leith, Kenneth Weidman, Len Perry and Robert Reck; Assisting Parents, Dave Harmoning, Pat DeBeer, Judith Groves, Susan Benson and Marjorie Clark.

Production Staff includes, Script, Kent Schroeder; Design and Setting, James Batchelder; Casting, B.J. Whitman; Construction, Vahey Gulezian, Robert Haefling, Carl Guild; Costumes, Gladys McCabe, Eta Warwick, Eleanor Carlson, Michele Guild, Roberta Shupe; Make-up, Janice Gulezian, Kent Schroeder; Lighting, Glen Gulezian; Animals, Donald Ellsworth, Bruce Seewald; Refreshments, Richard Ballou, Elaine Perry; Photography, Donald Nickerson.

Traditional Christmas music will be provided by the West Parish choir under the direction of Mark Peterson, music director, West Parish Church.

Following the processional, the pageant participants will form a still Nativity scene in the stable on the Farm.

### Tallest Tree

The tallest Christmas tree in America, a giant 111-foot Douglas Fir from Oregon, is the focus of a Yuletide display created by the National Enquirer at its headquarters in Lantana, Fla. Two railroad flatcars were needed to

transport the tree for its branches spread 42 feet across. 41

☒ **SAVE TAXES.**  
☒ **EARN 8%.**  
☒ **RETIRE RICH.**

### OUR IRA STARTS OFF SAVING YOU TAXES AND ENDS UP MAKING YOU RICH.

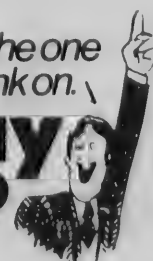

If you don't belong to a retirement plan where you work, our IRA (Individual Retirement Account) allows you to deposit 15% of annual income, up to a maximum of \$1,500. A married person with a non-working spouse may contribute up to \$1,750 or 15% of annual income (whichever is less). But married or single, your IRA deposits, including the high 8% interest they earn are tax deductible . . . that is they are totally free from federal income tax until you retire and start to withdraw from your account. By that

time, you'll probably be in a much lower tax bracket. And while you're saving a bundle on taxes, you're also getting richer, a lot richer. For instance, \$1,500 per year invested for 30 years at 8% will give you over \$200,000 when you retire!

Similar benefits are also available to self-employed persons through our Keogh Plan. So if you want to save taxes while you save for your retirement, an Essex Broadway IRA or Keogh plan is the one to bank on.

## Christmas Program At Chapel

On Sunday, Dec. 24, at 11 a.m. The Andover Bible Chapel announces a presentation of excerpts from the Ralph Carmichael Cantata entitled "Christmas Celebration."

The concert is to be sung by the Heritage Chorale of Andover and the public is invited to the performance. Featured selections include traditional carols such as "Go Tell It On The Mountain," and a medley of nativity songs as well as special numbrs including "Mary's Lullaby" and "Thus Was He Born." Soloists include Mrs. Robert Lenes of Andover, Mr. and Mrs. David Dewhurst of North Andover, and Philip Parsons of Andover. Carole and Karen Truax will sing a duet entitled "Over In Bethlehem."

Mrs. Philip Parsons is the chorale accompanist, and Brian Kelley will play guitar. Flute accompaniment will be played by Barbara Lenes of Andover. A trumpet solo by Andrew Halbach will also be featured.

The concert is free and open to the community.

## Heritage Chorale To Appear

The Heritage Chorale of the Andover Bible Chapel will sing a Christmas Concert for patients and visitors of the Lawrence General hospital on Friday evening, Dec. 22 at 7, in the main lobby of the hospital.

The program has been arranged by the public relations department of the hospital. In addition to traditional carols of the Christmas Season, special solos will be sung.

Accompanying the Chorale will be Brian Kelley on guitar, and Mrs. Philip Parsons on accordin, both of Andover.

The Heritage Chorale is directed by E. Richard Truax of Andover and is composed of members of the Andover Bible Chapel congregation. The group has sung concerts in several cities throughout New England and New York in a continuing ministry of sacred music and gospel testimony.

### Finns Take Sauna

Finnish families gather at the meal table on Christmas Eve to hear the head of the family recite the Christmas prayer and sermon. Earlier, every member of the family takes a traditional "sauna" to honor the celebrations.

### Italian Custom

In Italy, the Bethlehem scene, the "presepio," includes not only the King of the East and shepherds, but fish peddlers, organ grinders, pasta makers, peddlers with carts filled with fruit and vegetables, the nobles of the court, the urchins in the street.

### Pixies In Denmark

Santa is new to Denmark, but the "Nisser" have always lived there — thumb-sized pixies who live in barns and attics and keep busy with harmless mischief. They all wear red stocking caps so that when the men get old and grow white beards, they look like little Santas.

The world's first electrically lighted Christmas tree graced a New York City home in 1882, just three years after Edison invented the light bulb.

Call to Worship

Pastor: And the Word became flesh and  
dwelt among us, full of grace and truth:  
we have beheld His glory, glory as of the  
only Son from the Father.

Congregation: Joy to world; the Lord is  
come: Let earth receive her King; let  
every heart prepare Him room and heaven  
and nature sing.

Pastor: Sing unto the Lord a new song.  
Sing unto the Lord, all the earth. Declare  
His glory among the nations, His  
marvelous works among all the peoples.

Congregation: Joy to the world, the  
Savior reigns: let men their songs  
employ; while field and floods, rocks, hills  
and plains repeat the sounding joy.

Pastor: Let the people praise You, O

Yon

God; let all the people praise You. O let  
the nations be glad and sing for joy, for  
You will judge the people with equity and  
govern the nations upon the earth.

Congregation: He rules the world with  
truth and grace and makes the nations  
prove the glories of His righteousness and  
wonders of His love.

Wood-burning stoves,  
compared to fireplaces,  
produce nearly total com-  
bustion of wood's volatile  
gases and carbon residues,  
Massachusetts Audubon  
says. Beech, black birch,  
hickory, ironwood, black  
locust, sugar maple and  
oak are top quality for  
heating value. Among  
those with less heating  
value are: balsam, cedar,  
hemlock, pines and spruce.

## Gift To Special Needs

### The Posada

The colorful Mexican "posada" or pilgrimage, dramatizes the search which led Mary and Joseph to the stable. For each of the nine nights before Christmas a couple dressed as Mary and Joseph goes from house to house. Only at the last house are they — and the parade of neighbors now following them — invited in for supper.

## Sinterklaas

The early Dutch settlers of New York told the story of St. Nicholas, or Sinterklaas, a 4th century bishop who was well known as a secret bestower of gifts to deserving people. It was this figure that inspired C.M. Moore to write this poem, "A Visit from St. Nicholas."

Essex, SS.

Taken on execution and will be sold at Public Auction on Thursday, January 4th A.D., 1979 at 10 o'clock A.M. at my office, Suite 408, One Salem Green, Salem, Mass., in said County of Essex, all the right, title and interest which the within named Judgment Debtor, JAMES K. OLSON, had (not exempt by law from attachment or levy on execution) on the 7th day of November, A.D., 1978 at two minutes past eight o'clock A.M. being the time the same was seized and taken on execution in and to the following described registered land held under Certificate of Title No. 7705, Book 52, page 25, to wit:

Of that certain parcel of land situated in Andover in the County of Essex, and said Commonwealth, bounded and described as follows:

Southwesterly by the northeasterly line of Lenox Land, one hundred seventy (170) feet;

Northwesterly by lot one hundred thirty three (133) as shown on plan hereinafter mentioned, two hundred six and 60/100 (206.60) feet;

Northeasterly by land now or formerly of MARION L. YEATON one hundred sixty five (165) feet, and Southeasterly by lot one hundred thirty five (135) on said plan one hundred sixty six and 37/100 (166.37) feet;

All of said boundaries are determined by the Court to be located as shown on Plan No. 18975W Sheet 2, drawn by Clinton F. Goodwin, Surveyor, dated July 17, 1963, as modified and approved by the Court, filed in the Land Registration Office, a copy of a portion of which is filed with Certificate of title No. 5690, Book 38, page 361, and being designated as lot one hundred thirty four (134) thereon. There is appurtenant to the above described land the right to use the streets and ways shown on said plan, in common with others lawfully entitled thereto. The above described land is subject to drainage easements as set forth in a grant made by SMITH P. BURTON, JR., et al to the Commonwealth of Massachusetts, dated October 11, 1930, duly recorded in Book 556, page 552.

Known for centuries in such devices as potter's wheels, spinning wheels, and steam engines, flywheels store mechanical energy as they spin. The new Energy exhibit at Boston's Museum of Science suggests that expanded use of flywheels promises to increase future efficiencies of motor vehicles and utility plants by providing a way of storing energy that would otherwise be lost.

### Pet Inn, Inc. — Professional Grooming Services

When your dog or cat needs grooming, entrust your precious pet to the care of the professional groomers at Pet Inn, Inc., 23 Jackson Street, Methuen (across from Zayre's). This is a modern, efficiently run pet care center, where all services are performed under the auspices of a veterinarian.

Animals require clipping and grooming year round, perhaps even more in the winter months when they are not shedding. And there is no danger of clipping making them cold—it is actually good for them, since they are in the dry home air for longer periods of time.

Pet Inn offers grooming services for all types and sizes of

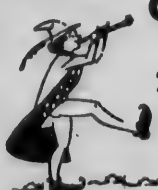

dogs, large and small. Any and all services your pet requires are handled with care by the groomers. Bathing, clipping, dips, medicated baths, combing of long-haired dogs, also combing and detangling of long-haired cats (and bathing, if needed).

Groomers at Pet Inn are members of the Mass. Association of Professional Dog Groomers. They are experienced in handling animals and know how to carry out their services in the manner that is easiest and most comfortable for your pet. They always have your pet's well-being in mind and treat the dogs and cats in their care as you would treat them yourself at home.

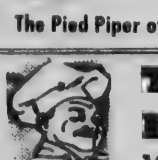

Only the finest products are used at Pet Inn, to insure the health of your pet. A full line of animal care supplies is always in stock, so you can continue good care at home. Pet Inn also stocks a good selection of all pet supplies such as collars, leads, sweaters, coats, bowls, toys, vacation carryalls, etc.

Make your pet's grooming appointment now. Don't neglect his care during the winter months, when his fur is thicker and easier to tangle. Simply call Pet Inn and arrangements will be made for you to bring your pet in for whatever services he requires. Open daily 8 - 5, Saturdays till 3, closed Wednesdays. Master Charge and BankAmericard accepted. Tel. 685-4304.

## COMMONWEALTH OF MASSACHUSETTS LAND COURT

To the Commonwealth of Massachusetts; To the Town of Andover, a municipal corporation, located in the County of Essex, and said Commonwealth; Warren Kearn, Eleanor L. Kearn, Oswaldo Zambom, Zaida M. Zambom, Harold Landy, Betty Ann Landy, Harry Loosigian, and Gertrude P. Loosigian, all of said Andover; George Stevens, of Boston, County of Suffolk, and said Commonwealth; Richard G. Asoian, Trustee of J. S. R. Realty, of said Andover; Chimo Development Corporation, a duly existing corporation, having an usual place of business in Stoneham, County of Middlesex, and said Commonwealth; Baybank Merrimack Valley N.A., a duly existing corporation, having an usual place of business in said Andover; and to all whom it may concern:

Whereas, a petition has been presented to said Court by John Asoian, and Harry Loosigian, both of said Andover, to register and confirm their title in the following described land:

A certain parcel of land with the buildings thereon, situated in said Andover, bounded and described as follows:

Northeasterly by High Plain Road 440.86 feet; Southeasterly and Northeasterly by land now or formerly of Harold Landy and Betty Ann Landy 1038.47 feet, 179.03 feet, 190.74 feet, 208.82 feet and 46.09 feet, respectively; Southeasterly by land now or formerly of the Estate of George Stevens 407.78 feet; Southwesterly, Southeasterly and Northeasterly by land now or formerly of the Inhabitants of the Town of Andover 684.57 feet, 253.35 feet and 301.67 feet, respectively; Southwesterly, Northwesterly and Southwesterly by land now or formerly of the Colony Land Co., Inc. 523.81 feet, 891.97 feet and 227.72 feet, respectively; Southwesterly by land now or formerly of Oswaldo Zambom and Zaida M. Zambom 641.07 feet; Northeasterly and Southwesterly by land now or formerly of Everett S. Boutwell and Lillian G. Boutwell 782.03 feet, 136.21 feet, 106.24 feet and 244.36 feet; Northeasterly and Northwesterly by land now or formerly of Warren Kearn and Eleanor L. Kearn 226.30 feet and 408.61 feet, respectively.

Petitioner denies the rights of anybody using a "wood road" which passes through Parcel "C" and seeks to have the same eliminated.

The above described land is shown on a plan filed with said petition and all boundary lines are claimed to be located on the ground as shown on said plan.

If you desire to make any objection or defense to

said petition you or your attorney must file a written appearance and an answer under oath, setting forth clearly and specifically your objections or defense to each part of said petition, in the office of the Recorder of said Court in Boston (at the Court House), or in the office of the Assistant Recorder of said Court at the Registry of Deeds at Lawrence in the County of Essex where a copy of the plan filed with said petition is deposited, on or before the twenty-second day of January next.

Unless an appearance is so filed by or for you, your default will be recorded, the said petition will be taken as confessed and you will be forever barred from contesting said petition or any decree entered thereon.

Witness, WILLIAM I. RANDALL, Esquire, Judge of said Court, this twelfth day of December in the year nineteen hundred and seventy-eight.

Attest with Seal of said Court.

## MASSACHUSETTS WATER RESOURCES COMMISSION

DIVISION OF WATER POLLUTION CONTROL  
110 TREMONT STREET

BOSTON, MASSACHUSETTS 02108

### PUBLIC NOTICE

OF

### SEWER EXTENSION PERMIT APPLICATIONS

The Massachusetts Division of Water Pollution Control has received applications for permits for construction of sewer extensions or connections to the municipal systems listed below. Section 43 of Chapter 21 of the General Laws, as amended by Chapter 546 of the Acts of 1973, requires that public notice be given of every permit proceeding.

The applications are available for inspection and copying at the Division's offices at the above address. Persons desiring to comment upon or to object to the tentative determination of the Division or to request a Public Hearing thereon should submit their views in writing to the Division at the above address within 21 days of publication of this notice. All comments received within this 21-day period will be considered by the Division in formulating the final determination regarding these applications. A Public Hearing will be held only if the response to this notice indicates, in the opinion of the Director, that the public interest would be served thereby.

Following this 21-day comment period, a final determination to issue or deny the proposed permit will be made by the Director of the Division with respect to each permit application. Where the final determination remains substantially unchanged from the tentative determination indicated in this public notice, the Director will so inform the applicant, and any person who has filed written comments during this 21-day comment period, of his final determination and of the right of any party aggrieved by the final determination to request a formal adjudicatory hearing within 14 days of the final determination.

Where the final determination is substantially changed from the tentative determination in this public notice, the Director will publish a public notice of the final determination in addition to the written notice provided above. Persons other than the applicant who feel they may have a right to and may wish to request a formal adjudicatory hearing should file written comments during the 21-day public comment period in order to assure receipt of written notification of the final determination.

Within 14 days of the final permit determination, parties (as defined in sections 1, 10 and 10A of Chapter 30A of the General Laws) aggrieved by the determination may file a written request with the Director for an Adjudicatory Hearing under the provisions of Chapter 30A (the Massachusetts Administrative Procedure Act) and this Division's Rules for the Conduct of Adjudicatory Proceedings.

## INTERIOR SELLING TIPS

Remember — when  
you are showing the in-  
side of your home to a  
prospective buyer, first  
impressions are lasting  
and have an important  
effect on a potential  
sale.

A clean, well-kept  
home shows a home  
that has had good care  
and has been properly  
maintained. Repaint the  
interior of it needs it,  
but use neutral colors, if  
possible. An attractive,  
comfortable living  
room is a major attrac-  
tion, but a sparkling  
kitchen will appeal to  
the lady of the house.  
It's the heart of any  
home, so keep it  
spotless. No dirty dis-  
hes. Women are also  
sensitive about

bathrooms; keep them  
clean and orderly.  
Bedrooms are impor-  
tant — arrange their  
furnishings neatly.  
Shiny, clean windows  
not only are a great  
asset, but let sunlight in  
and brighten the entire  
atmosphere. Clean out  
the clutter in the  
closets, basement, and  
garage. And, if you have  
pets, clear them out too  
when showing.

### Elms

Wood of the elm tree is  
difficult to split because  
the fibers are in a stepped  
pattern, Massachusetts  
Audubon points out.  
Beneath the ground, elm  
wood is very durable; 250-  
year-old sewer pipes of  
elm and cedar have been  
found in Europe.

## Are you overlooking an extraordinary way of life?

These people are.

They're residents of Millpond. An extraordinary community of contemporary  
townhomes in historic North Andover.

At Millpond, a firm regard for the traditions of the past exists side by side with a healthy  
respect for the joys of modern living.

Take the townhomes themselves. Like the land they occupy, they are bold, rugged,  
and natural on the outside. Gracious, expansive, and fully  
convenient on the inside.

There are tennis courts here. A swimming pool.  
A private beach and boat dock on historic Stevens Pond.

There are nature trails. And ski trails. And riding  
paths. All on 22 of the most beautiful acres of New England  
countryside you've ever seen.

The Millpond lifestyle begins at \$82,800. Why not  
come out sometime, and take a careful look at this  
carefully planned community.

**To get here,** take Rt. 495 to the Mass. Avenue exit (North Andover). Turn left on 125, and  
one-half mile later, turn right on Pleasant St. Millpond is one-quarter mile down, on Stevens Pond.  
From Rt. 128, take 15 North to Exit 15 (Rt. 125 to North Andover). At 114/125, turn left. Bear right at  
first traffic light, staying on 125. Turn right on Pleasant St., about 1/2 mile down. Millpond is  
a quarter of a mile away.
